****CAMPING NOTES****

Please note that because of the pine beetle problem, please look up and around before deciding on a spot to camp. Campgrounds that are accessible are being cleared of obvious hazards trees, but strong winds have toppled both dead and live trees on the district.

Christmas Meadows, Stillwater, and Sulphur are reservable during the summer season (early June – Labor Day). Those campgrounds do have some first come first serve sites available. Before or after the reservation period, the entire campground is first come first serve.

The Lily Lake dump and water station is open.
